Where Nature Meets Innovation

Where Nature Meets Innovation

Business Profile

Where Nature Meets Innovation

In a world where progress demands resilience and vision, Brookrise rises as a force of purpose

Rooted in the rich soils of Zimbabwe and inspired by the strength of its people, Brookrise is not just a builder of structures, we are architects of transformation, crafting sustainable and enduring infrastructure that blends nature's rhythm with human ingenuity.

From the pulse of major highways to the heartbeat of urban developments, from the roar of yellow machinery to the quiet precision of engineering excellence, we deliver on;

Civil Works

Road Construction

Land Development

→ Drainage Solutions

Bush Clearing

Dam Construction

Mining

Demolition

Our Vision

To be one of Zimbabwe and Southern Africa's most trusted and innovative infrastructure partner, driving progress through world-class civil engineering and property development solutions.

Our Mission

To deliver infrastructure projects that uplift communities, stimulate economic activity, and build a resilient Zimbabwe, through professional excellence, responsible engineering, and long-term partnerships.

Our Goal

Our goal is to contribute meaningfully to national development goals through infrastructure that enhances mobility, connectivity, and economic empowerment. With a qualified team of engineers, technicians, and certified operators, backed by a well maintained fleet of construction machinery, we guarantee professionalism, safety, and value on every job we undertake.

Our Core Values

Safety First

We prioritize the health, safety, and well-being of our employees, clients, and communities on every site.

Excellence

We strive for the highest standards in every project, delivering superior quality and innovative solutions that stand the test of time.

Innovation

We embrace modern technologies, creative problem-solving, and continuous improvement to deliver smarter infrastructure solutions.

Client Focus

We listen, understand, and respond to client needs, ensuring personalized solutions and long-term partnerships.

Integrity

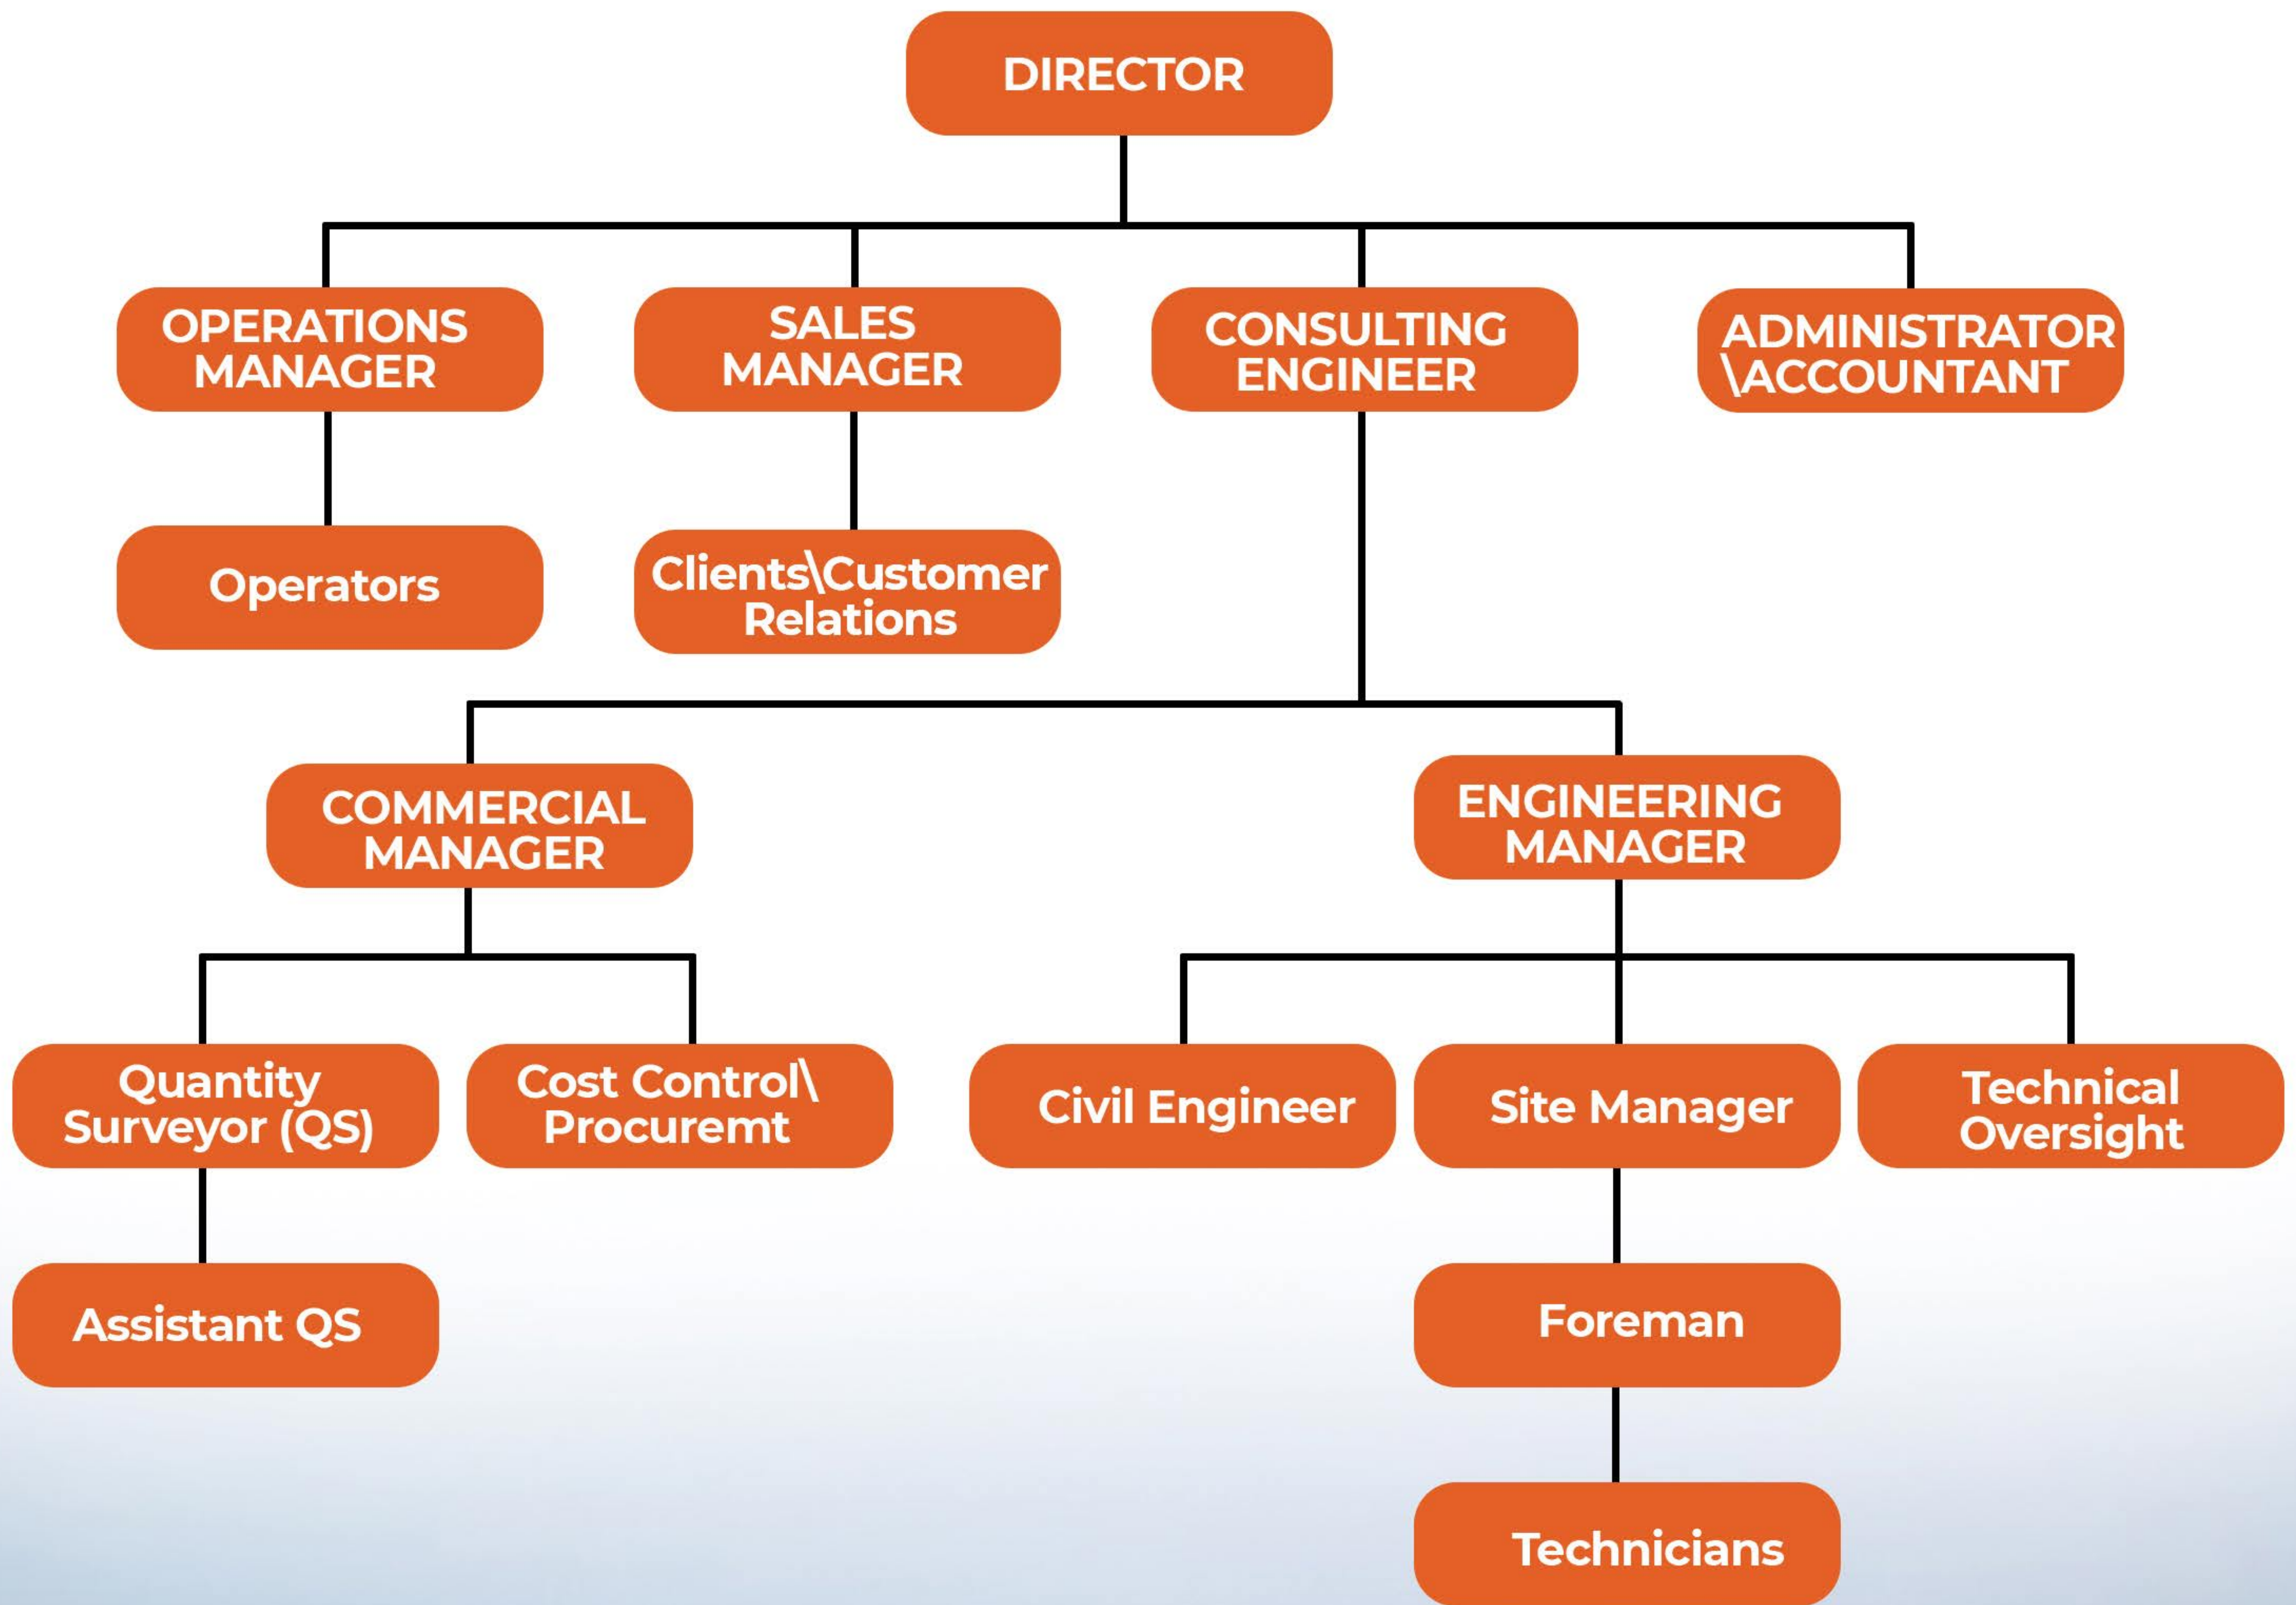

We uphold honesty, transparency, and ethical practices in all our dealings, building trust with clients, partners, and communities.

Sustainability

We are committed to environmentally responsible construction practices that preserve nature while promoting progress.

Organogram

Local Expertise

Deep understanding of Zimbabwe's construction environment, terrain, and regulatory frameworks.

Qualified Personnel

Experienced engineers, machine operators, and site supervisors with proven track records.

Dependable Machinery Access

Offering a diverse fleet of well-serviced equipment tailored to different project requirements, equipped with modern technology such as GPS and automated control systems.

Commitment to Quality

Strict adherence to SADC and ZINARA standards for civil works and road construction.

Client-Focused Delivery

We engage closely with clients at every stage, from design to handover, ensuring cost control and timely execution.

Why Choose us

Our Core Services

Civil Works

We deliver end-to-end civil engineering services across urban and rural projects, including earthworks and bulk excavation, storm water drainage systems, reinforced concrete structures, sewer and water reticulation, as well as utility trenching and reinstatement.

Road Construction

We construct and rehabilitate both gravel and tarred roads across Zimbabwe. Our services include road alignment and layer works, base preparation and compaction, road surfacing (asphalt, chip & spray, gravel), routine maintenance and pothole patching, as well as road widening and rehabilitation.

Land Development

We provide comprehensive land development solutions from site preparation to project completion. Our services include land clearing, grading and leveling, subdivision planning, infrastructure installation (roads, drainage, and utilities), and site servicing. We ensure efficient, compliant, and sustainable development tailored to residential, commercial, and industrial projects.

Mining

We are a reliable and results-driven company specializing in mining and earthmoving services, with a focus on gold and chrome operations. Equipped with a powerful fleet of yellow machinery and operated by a skilled, experienced team, we deliver efficient and high-performance solutions across a range of mining activities.

Dam Construction

We are a trusted civil works contractor specializing in dam construction and water infrastructure projects. With a strong fleet of yellow machinery and experienced operators, we deliver reliable earthworks, excavation, and structural solutions tailored to each project. Our focus is on quality workmanship, safety, and delivering durable results that support sustainable water management.

Yellow Plant & Equipment Hire

We offer affordable and flexible machinery hire solutions with or without operators. Our fleet includes motor graders, smooth drum and padfoot rollers, excavators, TLBs (tractor loader backhoes), dozers, water bowsers, and tipper trucks (10m³ – 20m³). All equipment is regularly serviced and operated by trained professionals, ensuring efficiency and safety on-site.

Civil Works

that Shape Cities, Connect Communities,
and Stand the Test of Time

From bustling cityscapes to remote countryside projects, we power progress with complete civil engineering solutions, from earthworks and bulk excavation to stormwater mastery, rock-solid reinforced concrete, seamless sewer and water reticulation, plus precision utility trenching and flawless reinstatement.

Road Construction

that drives progress

We specialize in road construction, offering comprehensive services including site clearing, earthworks, grading, compaction, and surfacing. With our modern fleet of yellow machinery, we ensure each project is completed efficiently and to the highest standards. Our focus on quality, safety, and timely delivery makes us a trusted partner in infrastructure development.

Land Development

that ensures sustainable development

We are a dynamic and reliable construction company specializing in land development and site preparation. With a strong fleet of high performance yellow machinery and a team of skilled operators, we transform raw land into development-ready sites for residential, commercial, and industrial projects.

Our services include land clearing, excavation, grading and bulk earthworks, all delivered with precision, efficiency and attention to detail. We are committed to maintaining the highest standards of safety, quality, and environmental responsibility on every project we undertake.

By combining modern equipment with industry expertise, we ensure timely project delivery and durable results that meet client expectations. Our goal is to provide dependable land development solutions that lay the foundation for successful and sustainable developments.

Mining Solutions that power industries

We are a reliable and results-driven company specializing in mining and earthmoving services, with a focus on gold and chrome operations. Equipped with a powerful fleet of yellow machinery and operated by a skilled, experienced team, we deliver efficient and high-performance solutions across a range of mining activities.

Our services include site preparation, bulk excavation, overburden removal, haulage, and material handling, all carried out with precision and strict adherence to safety and environmental standards. We are committed to maximizing productivity while maintaining responsible mining practices that support long-term sustainability.

With a hands-on approach and a dedication to quality, we partner with clients to deliver projects on time and within budget. Our goal is to provide dependable mining solutions that drive value and support the growth of the mining sector.

Dam Construction

for sustainable water management.

We are a trusted civil works contractor specializing in dam construction and water infrastructure projects. With a strong fleet of yellow machinery and experienced operators, we deliver reliable earthworks, excavation, and structural solutions tailored to each project. Our focus is on quality workmanship, safety, and delivering durable results that support sustainable water management.

Yellow Plant and Equipment Hire

We provide cost-effective and adaptable machinery hire services, available with or without skilled operators. Our extensive fleet features Each unit is meticulously maintained and handled by qualified professionals, guaranteeing optimal performance, safety, and efficiency on every project site.
